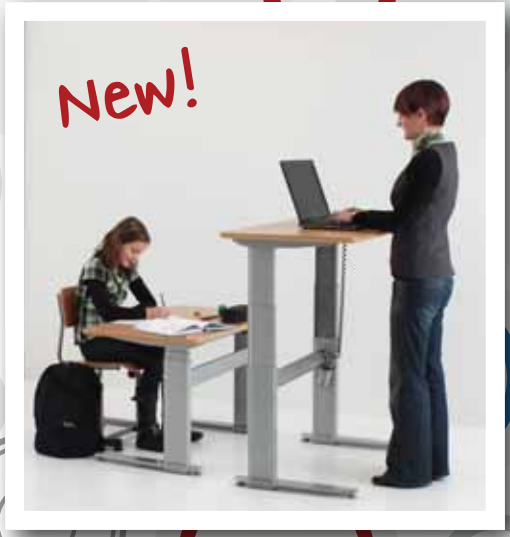
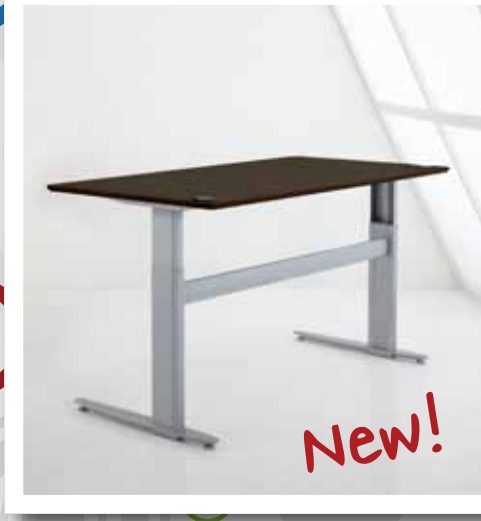
Brochure and Price List | September 2011 - August 2012

Electric height adjustable sit-stand desking | 2011-2012

CONSET.ORG.UK





ConSet

Ergonomics, ergonomics, ergonomics...

...is now and will always be essential in the future but previously ergonomics and electric height adjustable sit-stand tables did not arise in connection with the office layout. In coming years there is simply no way around it, sit stand tables will be the standard for newly refurbished offices, as more and more the employees wellbeing has a high focus.

ConSet's thinking is 'ergonomics and flexibility'. ConSet offers an exceptionally wide choice of terminal tables, office desks and meeting tables, far more than just a sit-stand table. We think ergonomics through to the fingertips, for example, developing tables with wheels and a rechargeable battery option, setting a new standard for flexibility. By offering the customer the option to design the top size and shape using Conset's on-line 'Desk Designer' system, the choice becomes almost endless.

Desk Designer
Should you require a special table top you can also design your very own tabletop using the on-line 'Desk Designer' facility. It's easier than you think! Visit conset.org.uk select 'Desk Designer'.

Frame colors:

Silver — RAL 9006

Black — RAL 9004

Table tops, standard:

Maple veneer

Beech veneer

White laminate — RAL 9016

Black laminate — RAL 9005

Table tops, to order:

Oak veneer

Cherry veneer

Maple melamine

Beech melamine

Oak melamine

Grey laminate — RAL 7047

Colors shown in this brochure for tops and frames are a guide only and are limited for accuracy by the printing process and screen settings.
"Standard" = tops that Conset are most likely to have in stock for fast shipment. "To order" = tops that are usually only produced when orders are placed.

Your Choice of table...

Capacity frames: 70kg, 80kg, 100kg, 125kg 150kg and 200kg.

Choose the right combination, your Conset dealer will be pleased to help you do that.
Consider the LOAD and TASK when choosing the right desk series for you.

LOAD
The kg capacity figures show the overall maximum lifting capacity of the frame.
Load will depend on two factors:

- The weight of the desk top itself (eg.. a 1600mm x 800 top weighs about 20kg, whilst a 2000mm x 800mm top weighs 25kg)
- The total weight of the items on your desktop
  Some desks become loaded over time with books, magazines, filing trays in addition to PC, printer, scanner "if in doubt then always buy the heavier option if your budget allows."

TASK
If you are working using an electronic microscope for example you will need the firmest stability.. Ie.. a 501-11 desk will feel more solid standing than a 501-17. On the other hand the 501-17 is adequate for the tasks of writing and using a Personal Computer and it will be much easier to move than a 501-11.

Other issues to consider could include long working hours or multi-shift use.
We want your desk to last well beyond the warranty period.
A 150kg frame used with a 60kg load will usually last longer than an 80kg frame with a 60kg load.

Special requests? See page 22 and 23.

501-29 is distinguished by an extra travel cycle of 67 cm and taller maximum height (65-132 cm) plus automatic stop safety switch function. The frame capacity is 125 kg meaning 501-29 is very capable for extra duty and in addition you get a smart contemporary design into the bargain.
See specifications and combinations page 28-31.

Frames	Model	Color	Width	Price
	501-29 9S084	Silver	84cm	£ 426
	501-29 9S133	Silver	133cm	£ 441
	501-29 9S152	Silver	152cm	£ 444
	501-29 9S152-152A	Silver	152cm	£ 657

501-29

Great lifting capacity, built-in auto-stop and extended height range.

Bookcase in beech SRP £230. See also page 24-27.

501-29 width 152cm with beech melamine top 160-80S. SRP £550. See also page 24-27.

501-29 3 leg frame with L shape 200R righthand top in beech melamine + extension top 80-60S. SRP £852. See also p24-27.

Ergonomics for children and adults.

501-27 width 84cm with beech melamine top 100x60cm. £ 476. See also p. 28-31.

DOWN TO 56CM

Height with wheels 64-129cm

For both children and adults.

New!

This is our new model suitable for children through to adults. The desk height range is 56-121cm, the extra low starting height means the desk can be ideal for the whole family at home or in schools and colleges.The shallow depth of the frame also means it is suitable for shallow tops and benches, from 60cm-100cm deep. See specifications and combinations, p.28-31.

Frames	Models	Color	Width	Price
	501-27 9S084	Silver	84cm	£ 408
	501-27 9S133	Silver	133cm	£ 423
	501-27 9S152	Silver	152cm	£ 426

The desk that meets most basic needs.

501-25 frame width 152cm with black laminate top 160x80cm. SRP £478. See also page 28-31.

501-25 is new series for where 'basic' is just enough. The frame has 80kg lifting capacity but with strong rigidity built into the construction making it also ideal for L shape tops up to 120cm deep.Height range of the desk top 70cm-118cm.
See specifications and combinations page 28-31.

New!

Frames	Model	Color	Width	Price
	501-25 9S084	Silver	84cm	£ 372
	501-25 9S133	Silver	133cm	£ 387
	501-25 9S152	Silver	152cm	£ 390

General information

Environment
At ConSet we think it is important to minimize environmental impacts. We want to take responsibility for ensuring that our products are made respecting the environment. We do this in several ways:

- Our wood products are FSC labelled, which is a guarantee that you can buy our table tops and other wood products in good conscience. FSC criteria prohibits conversion of forests or any other natural habitat.
- All electronic components meet ROHS framework for the reduction of hazardous substances in electronics, whereby the environmental impact is minimized. ConSet arranges for responsible disposal of electronics.
- Through Elretur system (Denmark), we ensure that electronic waste is managed environmentally responsible under the WEEE directive. All ConSet products covered by the WEEE Directive are marked with the symbol

Read more about the environment on conset.org.uk

CE Marking
All ConSet electric height adjustable desk frames are CE marked in collaboration with the Technological Institute in Denmark. CE marking is a requirement for height adjustable desk frames and it allows you to be sure that the producer has been through all aspects of security risk.
